

Arizona Department of Education  
Tom Horne, Superintendent of Public Instruction

## Teachers Investigating Adult Numeracy Project TIAN

**“We are looking for Adult Basic Education Teachers  
to join the ranks of highly qualified teachers  
in Mathematics!”**

- Are you currently teaching ABE and/or ASE level math?
- Are you interested in increasing your students' mathematical skills?
- Are you interested in sharpening your mathematical skills?
- Are you committed to sharing and learning with colleagues over the course of a year?

**We have a professional learning opportunity just for you!!**

### Project TIAN Outcomes:

- (1) To increase and deepen teachers' mathematical content knowledge
- (2) To increase the range of teachers' instructional approaches
- (3) To build teachers knowledge and application of AZ ABE Mathematics Standards

### Project TIAN Training:

- (1) Three 2-day Mathematics Institutes: Facilitated by National TIAN Trainer, Mary Jane Schmitt
  - Institute # 1: November 20 - 21, 2008
  - Institute # 2: February 26 - 7, 2009
  - Institute # 3: April 30 - May 1, 2009
- (2) Four regional math professional learning communities meetings during the year
- (3) A set of Empower Mathematics books valued at \$300.00 and training materials for each participant
- (4) Enrollment in the electronic discussion list, TIAN-Talk

Registration fees are \$1,200 per teacher for the year-long training series.

Travel and lodging are responsibility of the participant or the adult education program.

Make check payable to: TERC (Check due by December 15, 2008)

► **Applications DUE: Friday, November 7, 2008**

*Project TIAN is a collaboration with: The Center for Literacy Studies at the University of Tennessee;  
TERC, a non-profit education research and development organization based in Cambridge, Massachusetts;  
and the Arizona Department of Education/Adult Education Services.*
